

#ENOUGH

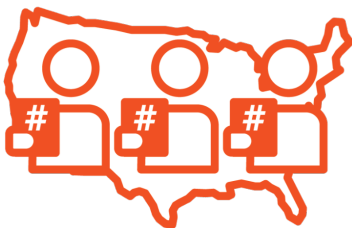

PLAYS TO END GUN VIOLENCE

#ENOUGH empowers TEENS to confront GUN VIOLENCE by creating new works of theatre that will ignite critical conversations and inspire meaningful action, emboldening America's playwrights of *tomorrow* to discover and develop their voices *today*.

CALL FOR SUBMISSIONS // Sept 1 - Nov 1, 2021

We call on writers from across the country in grades 6-12 to **write and submit 10-minute plays that confront the issue of gun violence**. Select playwrights receive a \$500 stipend sponsored by Change the Ref, have their plays published by Playscripts, receive memberships to The Dramatists Guild, and will be featured in our Nationwide Reading.

NATIONWIDE READING // April 20, 2022

We invite theatres, schools, colleges, and other organizations to **produce staged readings** of this year's plays for their community. Performed simultaneously across the country on the same night, these readings are part of an evening of reflection, dialogue and action.
